

# OnSolve Travel Risk Management

Protect Your People Anywhere With an Accurate, Actionable Picture of Your World

## SAP® Concur® Partner

The OnSolve integration with Concur Travel ensures organizations have up-to-date itinerary information available to help prepare, understand and respond to critical events impacting travelers.

## OnSolve Travel Risk Management

The OnSolve Platform delivers a comprehensive travel risk management (TRM) program that gives security teams efficient response mechanisms for improved teamwork and operational resilience. Organizations must plan, prepare and protect their people and operations from risk:

### Plan

Access real-time intelligence around your employees' destinations to evaluate safety and keep them informed.

### Prepare

Improve coordination between your travel managers, your TRM technology and other service providers.

### Protect

Anticipate, respond and adapt to threats when travelers need assistance.

# Why OnSolve

OnSolve fuses speed, relevance and usability to bring you the most accurate, actionable picture of your world, allowing you to protect your people wherever they are.

## Speed

Scans myriad global data sources continuously, tracking more than 50 types of threats, and rapidly notifies stakeholders all over the world.

## Relevance

Filters out noise and delivers actionable intelligence about events that directly impact your organization.

## Usability

Simplifies processes for building alert triggers with predefined criteria, and offers a short learning curve, even under strenuous conditions, through a user-friendly design.

## Key Benefits

**Know what's happening sooner.** OnSolve's AI recognizes over 50 types of threats and delivers fast, relevant alerts to help identify risks nears your travelers.

**Leverage pre-travel destination research and approvals.** Receive detailed reports by city, country, region and local area to assess potential risks and support a streamlined approvals process.

**Monitor and alert with confidence.** Provide travelers with detailed destination reports and automatic alerts throughout their travel while also giving them control over privacy.

**Respond without hesitation.** Stay in touch with travelers with two-way communication, and enact response plans with medical and security support.

Your employees are your biggest investment and most valuable asset – they are vital to keeping your business functioning. Their safety must be your priority. [Learn more at onsolve.com.](https://www.onsolve.com)

## About OnSolve

OnSolve® proactively mitigates physical threats, allowing organizations to remain agile when a crisis strikes. Using trusted expertise and reliable AI-powered risk intelligence, critical communications and incident management technology, the OnSolve Platform allows organizations to detect, anticipate and mitigate physical threats that impact their people and operations.
