OnSolve Incident Management

Take command and control from anywhere

Global incidents are occurring at an unprecedented pace, creating vulnerabilities and risks for organizations of all sizes. The safety and security of your people and operations reputation and supply chains can be threatened unexpectedly.
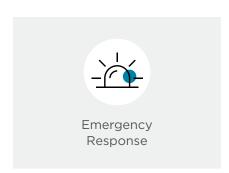

To overcome today's critical events, you need incident management capabilities so you can mobilize employees quickly through an easy-to-use interface and ensure procedures are followed by securely sharing policies and procedures.
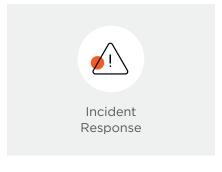

What is OnSolve® Incident Management?

OnSolve Incident Management is a solution that achieves rapid recovery from any disruption by activating response teams and communications plans to ensure the right escalation process is followed through our interactive interface.
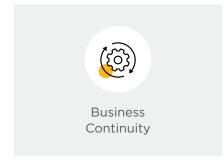

OnSolve has reinvented the activation of crisis team and communications plans with revolutionary simplicity, wherever you are and whenever you need it. OnSolve Incident Management provides the capabilities you need to ease high-stress environments for users with an easy-to-navigate workflow. Now you can maintain compliance while identifying gaps in your communications plans and areas for improvement.

OnSolve Incident Management is ideal for:

|		
Emergency Response	Incident Response	Physical Security and Security Operations
Business Continuity	Compliance and Control	Training and Exercise

Your Partner in a Crisis

The unified OnSolve Platform hosts a suite of products to support organizations through every step of a critical event, from preparation to detection to activating response teams and recovery.

Prepare

with risk assessments, historical trends and statistics before anything even happens.

Detect

threats early with accurate, focused alerts and impact assessments.

Activate

teams by disseminating information needed to mobilize quickly.

Recover

faster with the right technology to better understand, handle and mitigate risk.

OnSolve Named a Leader in the Forrester Wave™: Critical Event Management Platforms, Q4 2023

Activate. Collaborate. Communicate.

With OnSolve Incident Management, you can mobilize teams and activate communications plans for rapid and effective recovery from any disruption.

- Access tactical business communications plans anywhere from our easy-to-use interface.
- Enable employees to connect on a secure conference bridge with linked messaging capabilities for organizational alignment.
- Deliver customized incident and communications plans for appropriate action.
- Utilize post-action reporting for accurate tracking, accountability and safety, as well as insights for future improvement.
